

K.I.D.S.

Kansas Investments Developing Scholars

A Matching Grant program giving participants up to \$600 a year to invest in their Kansas 529 Education Savings Account.

Kansas families now have one more option when it comes to saving for their children's post-secondary education. The new program, **K.I.D.S.**, was developed specifically for Kansas residents with income less than 200% of the Federal Poverty Level.

**The program is administered by
Kansas State Treasurer Lynn Jenkins, CPA.**

How it works:

- ✍ Participant must be a resident of Kansas.
- ✍ Household Federal Adjusted Gross Income for all members must be less than 200% of the Federal Poverty Level.
- ✍ Families must open a Kansas Learning Quest Education Savings account by either signing up for an automatic monthly withdrawal from their bank account or through payroll deduction of at least \$25 or making a one-time contribution of at least \$500.
- ✍ Each January, the State Treasurer's office will review contributions made to each account for the previous year to determine the amount of matching grant funds that the account will receive.
- ✍ To receive matching grant funds, participants must contribute at least \$100 per year.

Enrollment is limited to 400 participants for the first year of the program. Contact the State Treasurer's office TODAY!
